

1.

A screenshot of a web browser window with an orange background. At the top left is a small emoji of a person with a rainbow hair bow. To its right is the text "Inline CSS Example" in pink. Below that is another emoji of a person with a yellow starburst hair bow, followed by the text "Internal CSS Example" in blue. A light green rounded rectangle contains the text "This paragraph uses internal CSS for styling." At the bottom left, there is a small emoji of a person with a blue question mark hair bow, followed by the text "Styled with External CSS". On the far left edge of the browser window, there are vertical scroll bar controls.

2.

A screenshot of a web browser window with a white background. Inside, there is a blue-bordered rounded rectangle containing the text "CSS Box Model" in bold blue. Below it is a paragraph of text: "The box model includes margin, border, padding, and content. It defines how elements are displayed on a web page."
